List of Waste Codes.docx;

The Environmental Permitting Regulations 2010 (as amended):  
Tandom Metallurgical Group Limited – Permit QP3634KX (as varied)

The Environment Agency, in exercise of its powers under the Regulations:

- Approves the list of waste codes in the attachment as representing the scope of waste materials for receipt and processing at the permitted site.
- Acknowledges the current configuration of furnaces and abatement plants, as described in previous correspondence, as comprising the permitted activities.

The waste codes and plant configuration will be included in the forthcoming permit review which will also reflect the requirements of the Industrial Emissions Directive.
